

## 07 - Cooling / Specifications

**TORQUE SPECIFICATIONS DIESEL**

| DESCRIPTION                                 | N·m        | Ft. Lbs. | In. Lbs. |
|---------------------------------------------|------------|----------|----------|
| Belt Tensioner Bolts                        | 45         | 33       | —        |
| Belt Tensioner Bracket Bolts                |            |          |          |
| M6                                          | 11         | 8        | —        |
| M10                                         | 45         | 33       | —        |
| Block Heater Bolt                           | 40         | 30       | —        |
| Coolant Inlet Tube Bolts                    | 11         | 8        | —        |
| Coolant Temperature Sensor                  | 11         | 8        | —        |
| Idler Pulley Bolts                          | 32         | 24       | —        |
| Idler Pulley Bracket Bolts                  |            |          |          |
| M6                                          | 11         | 8        | —        |
| M10                                         | 45         | 33       | —        |
| Intake Air Resonator Bolts                  | 10         | —        | 89       |
| Pressurized Coolant Bottle Bolts            | 10         | —        | 89       |
| Radiator Upper Isolator to Crossmember Nuts | 3          | —        | 27       |
| Radiator Upper Isolator to Radiator Nuts    | 4          | —        | 35       |
| Radiator Brace Bolts                        | 10         | —        | 89       |
| Thermostat Housing Bolts                    | 11         | 8        | —        |
| Upper Radiator Crossmember to Body Bolts    | 10         | —        | 89       |
| Vibration Damper Cover Bolts                | 10         | —        | 89       |
| Water Pump Bolts                            |            |          |          |
|                                             | 25         | 18       | —        |
| Step 2                                      | Loosen 90° |          |          |
| Step 3                                      | 32         | 24       | —        |
